The starting order for the prologue is set by order of starting number. Concerning two-part teams each rider of the team has to start as single rider – the time of the second/slower rider is valid for the result of the prologue.

The result of the prologue is basis for starting order on Saturday. Solo riders will start first, followed by two-part teams. The solo riders and two-part teams without participation at the prologue will follow. Starting order for Sunday is set by provisional ranking of Saturday.

2.1 Procedure of Race/Timing:

The start of each stage is organized by a „Gate Director“. The two-part teams start together (gap should be max. 3 seconds). At the end of each track the time is saved on the transponder chip. Concerning two-part teams the time of the second/slower team member at the finish of each gate is valid for the judging.
