7. Helmet requirement: Helmets are required at the WHOLE tracks, even on linking stages. Participants using full-face-helmet on downhill sections should carry with a normal helmet for the linking stages. Offences to this rule will be punished by a penalty of 2 minutes!

8. Protection etc.: The following protection is mandatory on ALL stages: Shin- or knee-protection, long finger gloves. We recommend you to wear dorsal protection, for example special backpacks.

9. Signalisation: All tracks are signposted, of course. But don't expect barrier tape on each meter of the course/track. Keep your eyes open, both on the timed and linking stages.

10. Starting list/slots: The starting order for Saturday is set by the results of the prologue (the prologue is optional!). Riders not participating at the prologue will follow after the participants with a result at the prologue.

11. Mountain railway: We'll use cabin and chair lifts in the region of Reschenpass within the three days of the event.

IMPORTANT: You won't get a special lift card – your starting plate is your card. So please mount your starting plate even on the optional training on Friday!

12. Rules for the start: At each start of the timed sections the „Stage Directors“ will make a call for the riders and take care for a minimum gap of about 30 up to 60 sec (behind the Duo Teams). All participants have to stay/wait BEHIND the Stage Director!!

13. Timing I: The end of each timed session will be announced by a sign „Finish 50 m“ (if it's not visible in this distance) and by barrier tape at both sides. Sometimes there will be a steward at the end of the timed session.

14. Timing II: The personal transponder saves all data of each session. So it is necessary to read out the transponder AFTER each session. **Therefore it is absolutely IMPORTANT to pass the the SPORTident-Car AFTER each session. Without anylising the transponder is it not possible to start the following session!!**

15. Food service: The following meals are included in your starting fee: Midday Snack on Saturday, evening meal on Saturday and „Cake by bike-components“ on Sunday noon/afternoon. The location will be announced at the venue.

IMPORTANT: For the evening meal Saturday evening your „riders pass“ is absolutely mandatory.

16. Bike repair service: There are several bike shops in Reschen and Nauders who offer repair services.

17. Timetable: Please see www.3laenderenduro.com for the details.

We wish you a good trip to Ferienregion Reschenpass and a successful 3Laender Enduro Race powered by ALUTECH!
